

Generation Generation Campaign and Project Update

Thanks to your generosity and commitment to OLPH, we have enough funds available to begin discernment of what projects can be entertained at this juncture. Members of our parish leadership groups comprise our Project Steering Committee, and include **Bridget Baumstark**, Finance Council; **Mike Crowe**, Parish Council; **Ken Kraft**, School Advisory Board; and **Bill Macfadden**, Generation to Generation Fundraising Campaign Committee. **Tito Diaz**, Facilities Director, and **Mary Lynne Januszewski**, Director of Finance and Operations, along with **Fr. Jerry Boland** participate in these meetings, as well.

We have recently moved forward with engaging an architectural firm who will develop the design drawings, followed by construction documents, and then carry us through the bidding and construction phases for our two Elevator projects, as they require a lead time of many months for production. We expect both the Lexington elevator and the Carrollton/Playdium elevator, bridge and entrance would be completed by the start of school in 2027.

Also to be provided by these architects will be design, drawings and construction documents for the secure vestibule at the first-floor entrance of Lexington. We expect the construction for this project to take place this summer and be ready for the start of school.

The architects will also produce designs and drawings for the Glenview Road entrance, streetscape and landscape project. Their design and drawings will be done concurrently with the other projects mentioned above, although the timeline for this project going into production is still being evaluated.

As a reminder, as part of the campus security case statement for the Campaign, the parish has already installed panic bars on all the Church doors to enhance safety for our children. Replacing air conditioners needed for certain school classrooms, another part of our case statement, will take place over a few years. We purchased and installed one just a few months ago.

Remaining projects from our case statement continue to be discussed and prioritized and more concrete plans will depend on how and when future pledge payments come in. More on this in the next couple of months.

Standard Goal for OLPH\$3,725,000

Activity through January 20, 2026

Pledges Received

Arch Portion.....\$2,583,068

OLPH Portion.....\$4,744,772

Total\$7,327,840

OLPH portion of pledge payments received to date to be used for OLPH Projects.....\$1,547,390

Number of donors: 680

Little By Little Ministry

Little By Little is a nonprofit organization that faithfully partners with those in need of improved health and well-being.

Please Join Little by Little in a fundraising Event!

WHEN: Friday, Feb. 13, 2026

Drop in any time between 5:00-8:00pm

WHERE: **Brian and Sue Walsh's** home
2118 Harrison St.
Glenview, IL 60025

Little by Little continues to provide financial support to Haiti via Mountain Top Ministries (MTM) health and nutrition program for students and teachers at the school. The program feeds over 500 children and teachers daily and cost \$5,000 per month (\$60,000 per year).

Along with the efforts of several medical teams providing care at MTM throughout the year, we were amazed to see how our care significantly improved the general health of the village.

Thank you for making this possible! We will continue to support this program with your help.

New support efforts in Uganda

We share a vision of serving the marginalized with **Fr. Patrick Kizza**. His dreams to support the Nyenga Parish community in his home country of Uganda match the aims of Little by Little: to relieve suffering and provide access to care for malnutrition, hypertension, diabetes, AIDS and malaria where 27% of deaths in Uganda are due to Malaria. Little by Little has been maintaining a medical outreach program with Nyenga Hospital in Uganda. We have just completed our 5th year of providing various health services including life saving interventions to four underserved communities. Grateful to God for this ongoing opportunity that has cared for approximately 12,000 patients. This cost is \$20,000 per year.

If you can't make it to our fundraiser in person, we are also accepting donations online Little By Little via paypal or through venmo at @lblrhaiti.
